It would hardly seem natural if the
writer's withdrawal were not regularly
predicted.

Possibly the attorney for low-test
cigs can explain why testing oil car-
goes is not an exact science.

Boycotts are relics of an ancient civil-
ization recently revived by the Chinese.
They are not products of public
spirit.

America would be money in pocket
and saved a lot of worry if it could
take Venezuela in charge, as well as
its Consulates.

Peanut statesmen usually adopt de-
ceit as a stock in trade and treachery
as a weapon, and think they are pon-
derously diplomatic.

France finds itself able to subsidize
its merchant marine, while poor old
Uncle Sam, reputed to be of greater
wealth, has to go begging year after
year.

Jim Hill's steamers do not want for
rumors that they are coming or local
anxiety that all these rumors be true.
The only thing lacking is an order
from Jim.

Where are the Palama Improvement
Clubs and the Kakaia Improvement
Clubs? Are the people most in need
of instruction to be allowed to shift for
themselves?

It may be reassuring to some for the
State Department to announce the re-
ceipt of a cable from Shanghai that an
outbreak is not feared. The activity
in the War Department tells a very
different story.

It is sometimes better to say that
Honolulu has many guests, but few
tourists. Guests are made to feel at
home. Tourists frequently think they
are the mark of every person in search
of a stray dollar.

There is no doubt that the Queen's
Hospital needs assistance. Improve-
ment Clubs might do worse than take
up a collection for the Queen's Hos-
pital curb, and petition the County
Superior to take care of the open
culverts in the hospital vicinity.

Every person interested in the sug-
ar industry of Hawaii will find a most
valuable table of sugar prices in this
issue. The price of centrifugals on
given dates for ten years past is
shown, thereby enabling one to deter-
mine the relative position of the quo-
tations received from day to day.

The Queen's Hospital needs funds
to put in its street curbs and thus
keep in step with the march of im-
provement. Does this town intend that
an institution like this hospital shall
lack for money? Is Hawaii so poverty-
stricken in public spirit that its hos-
pital as well as its library, shall go
begging?

Here's a problem for the Central Im-
provement Club to solve at its first
meeting:

What is to be done, when you ask a
man to fix up his property a little, and
he responds that he has not the price?
The Improvement Club Committee-
man who has not encountered this is
the exception.

When a multiplicity of workers ac-
companies the multiplicity of clubs and
officials, then the army of improve-
ment will be a permanent force. It is
well to remember that more than one
commendable effort in Hawaii has
been blighted by the rapidity with
which it resolved itself into all top

STURDY FARMERS KEEP OFF ALL CATARRHAL ILLS BY TAKING PE-RU-NA.

MR. J. B. ALEXANDER

MR. GUSTAV M. SCHMIDT

MR. HENRY SCHROEDER

MR. GEO. H. THOMPSON

Pe-ru-na Cures Catarrh Wherever Located.

Pe-ru-na a Necessity in the Home.

J. B. Alexander, Publisher of the
"Fruit and Floral Guide, A Magazine
of Horticulture," published in Hartford
City, Ind., says of Peruna:

"I was afflicted with catarrh of the
throat and head for over ten years. I
was treated by many physicians, but
grew worse until I was seldom able to
go out in cold weather.

"About one year ago I was advised to
try Peruna, which I did, and I am now
entirely well of the catarrh.

"Peruna is a necessity in our home.
With the first symptoms of a cold we
use it, and are never afflicted with catarrh."

"I advise all who are afflicted with
catarrh to try Peruna. There is cer-
tainly nothing equal to it as a catarrh
medicine."—J. B. Alexander.

Pe-ru-na is a Systemic Remedy.

If Peruna will cure catarrh in one
place, it will cure it in any other place,
because it is a systemic remedy.

Pe-ru-na Always on Hand.

Mr. Fred Schnell, Lakeview, Erie Co.,
N. Y., writes:

"I had been a sufferer for more than
thirty years with catarrh of the intes-
tines. I had used a great deal of medi-
cine to no avail, so I decided to try
Peruna.

"I have now used thirteen bottles
and can give you the joyful tidings that
I have no more trouble. I always keep
Peruna on hand."—Fred Schnell.

The people generally are very much
misinformed as to the nature of catarrh.

Catarrh is usually believed to be con-
fined to the head, nose and throat. Lat-
terly we sometimes hear of catarrh of
the stomach and catarrh of the bladder.
Seldom, if ever, do we hear of catarrh
of any other organs.

It is not because these organs are not
subject to catarrh, nor that catarrh of
these organs is not a very common dis-
ease, but simply because it is not gener-
ally known that affections of these
organs may be due to catarrh.

For special directions everyone should read "The Ills of Life," a copy of which surrounds each bottle. Peruna is for sale by all chemists and druggists at one dollar per bottle or six bottles for five dollars. Those wishing direct correspondence with Dr. Hartman and can wait the necessary delay in receiving a reply, should address Dr. S. B. Hartman, Columbus, Ohio, U. S. A. Benson, Smith & Co. will supply the retail drug trade in Honolulu.

Had Catarrh Thirty Years.—Pe-ru-na Cured Him.

Mr. Gustav M. Schmidt, Spring Valley,
Ill., writes:

"I had catarrh of the head and throat
for over thirty years. It became worse
every year.

"About three months ago I commenced
to take Peruna and Manalin, and now I
am entirely cured of that troublesome
sickness. Your medicine is surely a
blessing to mankind.

"You can truly say that you have not
lived in vain, Doctor, and I thank you
for the good you have done me. May
you enjoy a long life to help suffering
humanity."—Gustav M. Schmidt.

Dr. Hartman Makes Personal Use of Pe-ru-na.

In speaking of his own personal use
of Peruna, Dr. Hartman says:

"For a number of years my profes-
sional duties have compelled me to be
much on the road, traveling long dis-
tances by rail, night and day, exposed
to all kinds of vicissitudes, sleeping and
eating in different hotels continually,
and through it all I have preserved my-
self from any derangement of the body
resulting from catching cold.

"At the slightest evidence of a cold, a
few doses of Peruna invariably checked
it."

Mr. Henry Schroeder, Route 2, Napoleon, O., writes:
"I suffered for almost ten years with catarrh of the stomach and all
doctored was of no avail.
"I took nine bottles of Peruna and two of Manalin and am now entirely
cured.
"I recommend the medicine to all who are afflicted with this disease.
It is my household friend."—Henry Schroeder.

A Farmer's Talk to Farmers.

Before Dr. Hartman began the study
of medicine he was a farmer boy. He
was brought up on a farm in Southern
Pennsylvania.

He belonged to that industrial, suc-
cessful class of farmers known as the
Pennsylvania Dutch, the best farmers
in the world.

It was here that he early learned the
lesson of pulling obnoxious things out
by the roots.

Dr. Hartman's Method of Treating Catarrh.

Naturally, when he began the study
of medicine his mind turned instinctively
toward the removing of causes. He
could not content himself with doctor-
ing symptoms any more than his enter-
prising father could have contented
himself by pulling off the tops of weeds
to eradicate them from the soil.

The Doctor turned his attention early
to the science of removing the cause of

diseases, believing that obnoxious sym-
ptoms would disappear if the cause of the
disease was removed.

In other words, Dr. Hartman ap-
plied the common sense of the practical
farmer to medicine, and after much
experimentation Peruna was com-
pounded.

The sensible farmer does not think of
cutting off the tops of weeds to kill
them. He pulls them up by the roots.

Dr. Hartman Interested in Farming.

Notwithstanding Dr. Hartman's busy
professional career, he still continues to
be interested in farming. He is the
owner and manager of one of the largest
farms in the State of Ohio, with several
thousand acres of the best tilled land in
the Middle West, and with hundreds of
the best blooded percheron horses ever
imported or raised in this country.

Dr. Hartman relies upon Peruna en-
tirely in case of sickness in his own
family.

At Work on the Farm.—Praises Pe-ru-na.

Geo. H. Thompson, Raleigh, Miss.,
writes:

"I have been cured of catarrh by your
medicines, Peruna and Manalin. I had
been affected with catarrh of the
stomach about all my life, and was
taken had every spring and summer.

"I used several kinds of patent medi-
cines, but they did me no good. I then
took a treatment under an M. D., which
did me but little good. By this time I
had got where I could eat nothing but
a little soup. I had severe pains, had
lost in weight and could not do any-
thing.

"I began taking your medicines,
Peruna and Manalin. I then weighed
135 pounds, but after taking 17 bottles
of Peruna and one bottle of Manalin, I
weighed 166 pounds.

"I am now at work on the farm and
feel well all of the time. I eat all I
want to and my friends say that I look
better than ever before. I will ever
praise Peruna for its healing power."

Geo. H. Thompson.

WHITNEY DECIDES

AGAINST SEAMAN

The cases of the Tax Assessor
against the officers of the Inter-land
S. N. Co. to force them to pay their
taxes was decided by District Magis-
trate Whitney in favor of the Tax As-
sessor. The question was raised whe-
ther the Tax Assessor could garnishee
seamen's wages upon a judgment.

They were three of these cases,
each illustrating different phases of
the question, before Whitney. In two
of these appeals will be taken to the
United States District Court, while the
third will be carried before the Su-
preme Court.
